ILLTUD

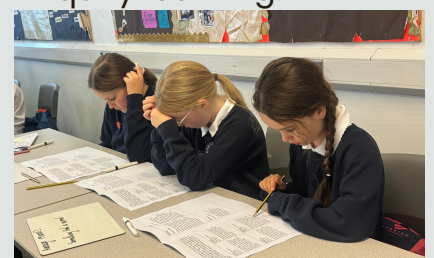

This term, we had the opportunity to attend Llantwit Comprehensive School's CSI event. A laptop had been 'stolen' from the school and it was our job to solve the mystery! In Welsh lesson we learnt to decode messages and in maths used averages to rule out suspects based on their shoe sizes. In English we look at suspect statements and finally, alongside South Wales Police took our own fingerprints and discussed how this evidence could be used in a crime scene. A great day out by all!

A busy October for Dosbarth Illtud! In maths we have focused on the 4 operations in particular multiplication and division. We also moved on to apply these to solve problems and how we can find factors and multiples of numbers. In literacy, we began thinking about our Remembrance Day poetry using the book 'What are we Fighting for' as inspiration.

As part of our inquiry this term, looking at War, Conflict and Peace, we had a very special visit from Mrs Jenkins. Mrs Jenkins told us about what life was like as a 14 year old during World War II. We learnt valuable, first hand information about rationing, air raids and day to day life. She answered all of our questions and told us that she could remember bananas coming in on boats into Barry Docks after the war! We enjoyed looking at the items she brought in such as her National Identity Card. An amazing opportunity to learn from her to deepen our inquiry learning.

We Learn, We Play, We Care, We Pray.
