DWYNWEN

As you know, we thoroughly enjoyed performing our dances and sharing our learning with you last week. We have reflected on our hard work and considered how we will apply our performance skills to the Christmas concert.

Earlier this month, we were respectful and reflective when we attended the Remembrance service.

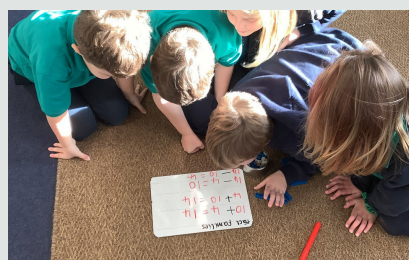

We have been enjoying our Jigsaw lessons where we have been discussing similarities and differences between ourselves as well as how we can make everyone feel welcomed and valued.

Dosbarth Dwynwen have continued to work hard this month and are currently busy preparing for advent and the Christmas concert. We have been practising our lines and the songs. I'm sure you will have had a sneak preview at home!

In Literacy, we have read *The Day The Crayons Came Home*. We have been reading the postcards in the story and practising lots of different sentence types like similes and three adjective sentences in preparation for writing our own postcard this week. In maths, we have been practising our addition and subtraction. We have been looking at fact families and using concrete representations to help us. We have also been learning about position and direction, describing how objects have moved forward, back, left and right.

We Learn, We Play, We Care, We Pray.
